PRODUCT OVERVIEW

RSS 3 is the standard smoked-sheet grade for tire tread and general rubber goods. Sheets are visually graded to Green Book RSS 3 standards and laboratory confirmed for dirt, ash, volatile matter, nitrogen, and PRI. Packed at 33.33 kg in wooden crates or palletised bundles, 19.6 MT per container.

Values are typical specifications for the current production period and are confirmed lot by lot on the sales contract. Laboratory records travel with every shipment.
